To whom it may concern

This letter is to confirm that Ms Ruba Qewar has worked for more than a year with Bridges Foundation in Cairo from December 2011 till January 2013.

Ruba received nearly every workshop that Bridges give whether dawa workshops like presentation / public speaking skills or tarbeya workshops and she proved to be a smart, hard worker and an enthusiastic dawa worker whom through her work many people were guided by God to Islam.

Ruba went through tough times and she stumbled and fell then got up again and continued in the right way, her story is very inspiring and faith strengthening. I wish that all the youths listen to it
