

To Whom It May Concern

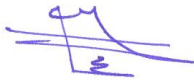

18/10/2014

It is to certify that sister (Ruba Qa'war), by the mercy of Allah, has been converted to Islam, and being an excellent Muslimah, she is well educated about Islam as a whole Religion, in its foundations and practices, also she joined different groups of similar converted ones, and other Muslims, whether scholars or students.

As regards her personality, She is with full confidence, that's why I asked her many times to deliver her experience and other certain knowledge about religions to my students at the University of Jordan, she also was invited to different activities at the University of Jordan and other institutions, in general, I can say that she is a good model and can represent the good Islamic personality in both: Creed and behavior.

Finally, and as a reality like others, sister Ruba has faced some troubles during her journey to Allah, I can say –without any kind of hesitation- that she deserves all kinds of concerns, she is also so qualified to serve Islam, all for the sake of Allah, Who we asked to bless and guard us all,, amen.
